

## EXECUTIVE SUMMARY

A **software developer** with a background in e-commerce and real estate. A personable, communicative web developer with experience in front-end, server-side and database development. Graduate of the full-stack software development program from Georgia Tech.

## FUNCTIONAL EXPERTISE

---

- React & Redux
- HTML, CSS & JavaScript
- Node.js
- C#/ASP.Net
- Databases (MySQL, PostgreSQL, MongoDB)
- Git

## EDUCATION

---

**Software Development** | Georgia Institute of Technology (Atlanta, Georgia), 2018

**Bachelor of Science in Economics** | Georgia State University (Atlanta, Georgia), 2015

## RELEVANT PROJECTS

---

**DevConnector:** A social media site for connecting developers. Built using React for the front-end and Redux for state management. The site was constructed using a non-relational database (MongoDB) and deployed with Heroku.

**Smart Brain:** Login and upload a picture to detect your face using a machine learning image recognition API. The front-end is built with React. Bcrypt was used to hash sensitive information and store it securely on the PostgreSQL database.

**iLoveMusic:** An app where users can search their favorite artist and display upcoming concerts, social media posts, YouTube Videos and listen to songs. The app was built using Spotify, Bandsintown and YouTube API's.

## FUNCTIONAL EXPERTISE DEMONSTRATED

---

LIFETIME DEALS LLC

March 2016 – August 2018

*An e-commerce store with 2 employees and \$70,000 of annual revenue selling home improvement products to customers all over the world.*

### Owner

Oversaw business operations from sourcing products, handling shipments, branding and budgeting.

- **Company Branding:** Used various online marketing platforms like Facebook Ads to grab a share of the market.
- **Product Sourcing:** Networked with different suppliers to find products and ship products to customers in different parts of the world.
- **Budgeting:** Managed all financial statements and budgeted for business expenditures.

Keller Williams Realty Partners

September 2016 – March 2018

*Worked with clients to help negotiate, inspect and market the purchase or sale of their home.*

### Real Estate Agent

Worked with clients to help negotiate, inspect and market the purchase or sale of their home.

- **Client Acquisition:** Acquire new clients through cold calling, door knocking and sphere of influence.
- **Negotiation:** Advised clients on price based on the market value of the home and current real estate trends.
- **Market Research:** Prepared a competitive market report of the home values in a particular area and presented them to the client upon request.
